

# GeoDomisi Ltd

Geotechnical & Civil Engineering Services  
Design – Consulting – Technical Innovation

## A Company for Civil & Geotechnical Engineering Works

*Civil & Geotechnical Engineering Consulting Company for Structural Engineering, Soil Mechanics, Rock Mechanics, Foundation Engineering & Retaining Structures*

GEODOMISI Ltd.

ACKYPOMEHIEI  
ANTITEPISEI  
ETABMOI METPO  
KE ELY AKTONKOY.

## The Company

**GEODOMISI Ltd** is one of the Greek leading Civil & Geotechnical Engineering Consulting companies, with almost **30 years of experience**.

Since **1984 «GEODOMISI Ltd»** and his founder **Dr. Costas Sachpazis** has been involved in consulting to both Public and Private sector. «GEODOMISI Ltd» specialises in specific foundation cases, soil & rock mechanics, ground improvement, anchored piled retaining structures, slope stability analysis problems & stabilisation of large masses, geotechnical investigation of underground structures, dams, tunnels, suitability of building stones and aggregates. (Concrete, Railway ballast & Skid Resistance Road Aggregates) as well as issues of management of underground-surface water resources and the environment using G.I.S..

«**GEODOMISI Ltd**» has executed so far **more than one thousand (1000) projects** from its establishment until now, operating mainly in the Greek territory, Europe, Cyprus, Libya, Egypt and Nigeria.

It has also been **exclusive geotechnical engineering consultant** of «GREEK ATTIKO METRO S.A.» for the Design and Calculations of Deep Anchored Piled Retaining Walls, 19,45 m deep. Also, it has been geotechnical engineering consultant of both «HIGHWAY COMPANY EGNATIA ODOS S.A.» and «RAILWAY COMPANY ERGOSE S.A.» for the design of large scale motorway and railway projects and underground works, like deep foundations of bridges, tunnels, earth retaining systems and protection and stabilization of slopes from landslides.

Furthermore, it has also been the **exclusive geotechnical engineering consultant** of «GREEK OLYMPIC GAMES ATHENS 2004» for the execution and the design of the geotechnical investigation and foundation engineering aspects for the construction of the Marathon Olympic Rowing Game Centre roads at Schinias – Attica / Greece.

Moreover, during 2009 - 2011, it was the **exclusive geotechnical engineering consultant** for the planning and construction **of the biggest Greek natural gas fired Combined Cycle Power Plant (CCGT) Project**, developed and owned by the Joint Venture between the Greek Public Power Corporation (PPC) and Steel Production Incorporated Industry «HALYVOURGIKI S.A.». In this project Geodomisi Ltd was cooperating and working along with the general Energy Project Consultant «Mott MacDonald Limited».

## A view regarding the our practice in GeoEngineering

The Greek registered trademark / name «GEODOMISI» comes from the combination of the Greek words «**GEO**», which means Earth, and «**DOMISI**», which means Construction. From this name was taken the registered title of the Firm.

As the name symbolically and characteristically declares, the firm specializes in Civil & Geotechnical Engineering, Soil Mechanics, Rock Mechanics, Deep Anchored Piled Retaining Walls & Systems, Ground Improvement - Strengthening and Stabilization Techniques, Structural Modelling, Analysis, Design and Detailing, as well as Shallow and Deep Foundation Engineering Design, undertaking both consulting services for all stages of construction for a project: **Above, Below and From the earth** as well as the **investigation and the localization - delineation of underground water resources and Geoengineering**.

In order to provide integrated services from “down-to-top” for both geo and structures we join our forces with a specialized company in the field of structural engineering and consulting, developing a partnership under the name **GeoStatic**, which in Greek means Ground and Structural Mechanics. Now we can operate, under the same umbrella, supporting each interested party, Public or Private, with high quality integrated services covering the whole area of civil engineering works.

Our extensive experience, passion and enthusiasm for engineering are focused on the client's needs and expectations. Our thoughts and efforts are well described by the following principles:

- Sincerity, respect and honour toward to a client.
- Feasible, innovative and high calibre solutions.
- Deliverables on time and on budget.

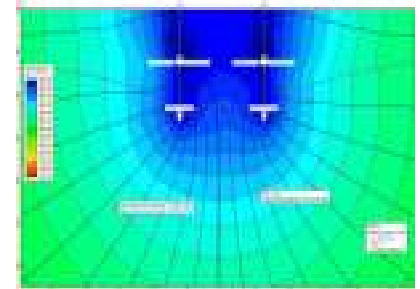

# Services and Specialisations

## A) Civil & Geotechnical Engineering Investigations and Studies

- Geotechnical Site Investigations and Characterizations.
- Analysis and Design of Complicated Foundation Systems-Foundation Engineering.
- Slope Stability Analysis and Stabilization Techniques.
- Deep Anchored Piled Retaining Wall Systems.
- Geotechnical investigation for Dams, Bridges and Tunnels.
- Ground Improvement, Strengthening and Stabilization Techniques.
- Structural Modelling, Analysis, Design and Detailing.

## B) Geoengineering Investigations and Studies:

- Geo Engineering.
- Hydrology – Hydrogeology.
- Water Resources Development and Management.
- Geophysical surveys.
- Geoenvironmental Engineering.

## Services and Specializations

### C) Hydrogeotechnical planning and studies:

- Computerised Integrated Water Resources Management Systems.
- Sewages systems planning & management.
- Waste water treatment plants.
- Flooding control management.

### D) Consulting services at all stages of a project:

- Feasibility studies.
- Preliminary studies.
- Final and Application studies.
- Management and supervision during the construction of a project.
- Evaluation of a project cost.
- Legal consulting services.
- Technology transfer and Personnel training
- QA/QC

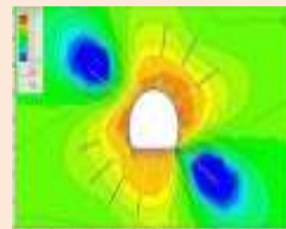

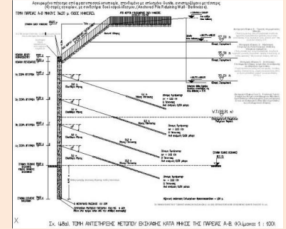

## A: CIVIL & GEOTECHNICAL ENGINEERING INVESTIGATIONS AND STUDIES

- Structural Modelling, Analysis, Design and Detailing to E.C.2 & E.C.3.
- Geotechnical Site Investigation planning and Implementing in major projects concerning Foundations, Tunnels, Roads & Railways, Underground Works & Dams, etc.
- Analysis and Design of Specific & Complicated Foundation Systems.
- Deep Anchored Piled Retaining Walls (Analysis, Design, Detailing).
- Design, Construction and Supervision of Soil and Rock slopes and excavations. (Slope stability analyses problems and Retaining structures. Slope Stabilization techniques).
- Design of Ground Improvement techniques.
- Design of Geotechnical Engineering Monitoring Systems and Instrumentation in Geotechnical Applications.
- Soil stabilization techniques and soil properties improvement – cement, chemical grouting, etc.
- Suitability of building stones and aggregates for concrete - railway ballast & skid resistant pavements.
- Implementation of quality control procedures.
- Management & protection of underground/surface water resources & environment, using integrated Computerized Intelligent Engineering Systems.
- Laboratory testing on concrete, soils & rocks & evaluation of their suitability as construction materials for various purposes.
- Reviewing and approving Civil & Geotechnical Engineering Reports for various construction purposes.
- Preparation of technical proposals and method statements.
- Responsibility on internal training of staff in Civil Engineering Projects.
- Geotechnical Reconnaissance - Mapping.
- Evaluation of the results of Site Investigations.
- In-situ and Laboratory soil and rock testing and quality control.
- Geotechnical Investigation for Salt Works.
- Geotechnical Investigation for Salt Works.
- Geotechnical Design for Hazardous Waste Disposal.
- Geotechnical Problems of Quarry and Mining Tailings Disposal.

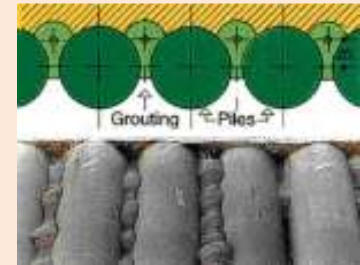

- Installation and monitoring of measuring instruments in Geotechnical works (instrumentation).
- Underground water detection (piezometric surface).
- Contamination detection of soils and water.
- Environmental implications from fuels, toxic materials & waste storage.
- Solid and liquid waste disposal management.
- Control and protection from erosion.
- Protection and restoration of historical monuments.
- Water and gas proofing of underground excavations.
- Ground improvement - Strengthening of soils.
- Cement injections & grouting and gravel piles - columns, construction and control.
- Reinforced Earth and Geogrids - Geotextiles.
- Mapping and delineation of borrow pits.
- Evaluation of aggregates & materials suitability for road pavements, runways, railway ballast & skid resistant road pavement surfaces.
- Earthworks, excavations and embankments.
- Earth and rock-filled dams.
- Shallow and raft foundations for buildings.
- Deep piled foundations & Underpinning.
- Soil slope stability analyses (Bishop, Morgenstern) & Rock slope stability analyses (Hoek, Bray).
- Lateral earth pressures - Retaining walls for soils and rocks.
- Determination of Factors influencing the performance of a tunnelling machine.
- Determination of rock properties for tunnel boring prognosis & costs.
- Design of Underground Excavations , Underground Excavations Support Design & Rock Slope Stability in Underground Excavations.
- Blasting Design for Surface & Underground Excavations.
- Systems for artificial recharge of ground water (Geotechnical viewpoint).
- Writing up Specifications for Geotechnical Engineering Projects & Works

## B:ENGINEERING GEOLOGY - HYDROGEOLOGY - GEOPHYSICS INVESTIGATIONS AND STUDIES.

- Geological - Hydrogeological - Hydrological Reconnaissance.
- Geological, Hydrogeological and Hydrological investigations and mappings.
- interpretation of aerial photographs and satellite photographs.
- Site investigation in terms of engineering geology and hydrogeology.
- Trial and sampling boreholes.
- Electrical resistivity and seismic refraction methods of investigation for geological formations.
- Seismic risk analysis.
- Seismological history recording and analysis of the project site.
- Geological suitability for urbanization.
- Engineering geological investigations for highway projects.
- Locations of building and decorative stones.
- Quarry and mining investigations.
- Rehabilitation and reclamation of quarries.
- Location of underground water sources.
- Karstic hydrogeology.
- Saline water intrusion in aquifers.
- Control of saline water intrusion.
- Protection from pollution of underground aquifers.
- Electrical Resistivity method for underground aquifer location.
- Borehole development and water drilling tests.
- Borehole construction specifications and water drilling costs.
- Well Maintenance - Rehabilitation.
- Methods of construction of shallow and deep wells.
- Water quality criteria.

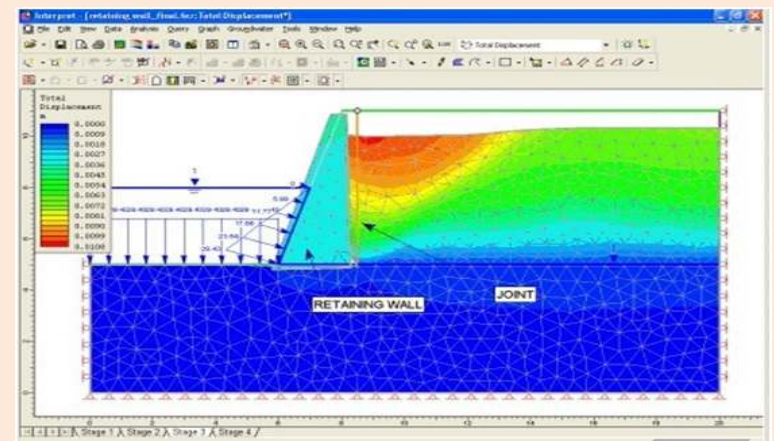

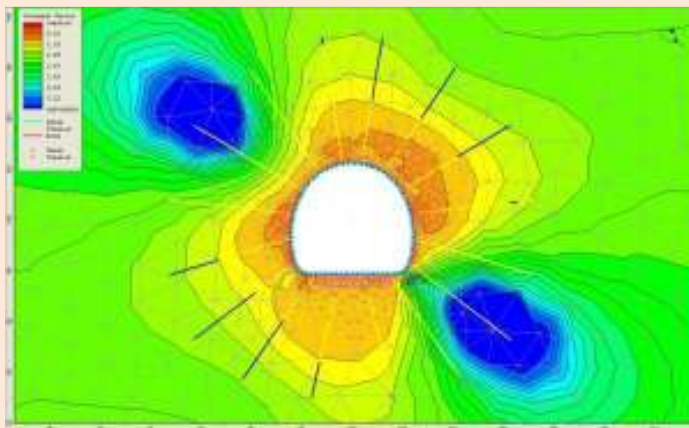

- Monitoring of groundwater quality.
- Quality classification and suitability of ground water.
- Integrated Computerized System for Management of Underground and Surface Water Resources.
- Systems for artificial recharge of ground water (Hydrogeological viewpoint).
- Writing of Specifications for Engineering Geological & Hydrogeological Projects and Works.

### **C: MANAGEMENT AND SUPERVISION OF PROJECTS AND CONSULTING SERVICES.**

- Management of projects referring to Civil Engineering, Geotechnical Engineering, Engineering Geology and Hydrogeology,
- Technical assistance,
- Computerization of Companies or State Services with specialized software.
- Planning.
- Consulting services referring to Civil Engineering, Geotechnical Engineering, Environmental Engineering, Hydrogeology and Engineering Geology.
- Cost analysis - evaluation of offers.

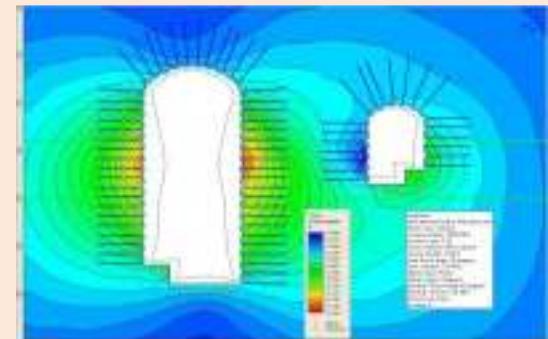

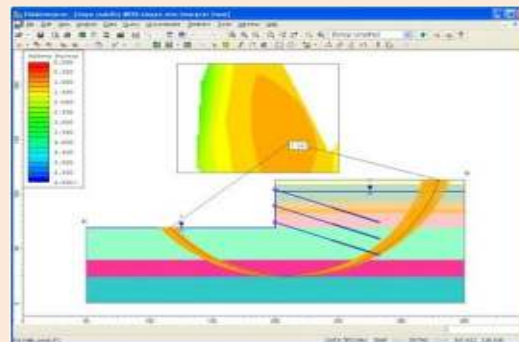

## Services and Specializations

The «**GEODOMISI Ltd**» Consulting Company for **CIVIL ENGINEERING** and **GEOTECHNICAL ENGINEERING** is registered at the Hellenic Ministry for Development, Competitiveness, Infrastructure, Transport and Networks and holds the professional license No. 440, issued by the above Ministry for the categories:

- Category: 21 (Geotechnical Engineering Investigations and Studies).
- Category: 20 (Geological, Geophysical, and Hydrogeological Investigations).
- Category: 13 (Hydraulic Studies).

«**GEODOMISI Ltd**» is also accepted by the **EUROPEAN COMMISSION - Directorate-General III (26 02-1997. Reg. n. 003908)**, for executing studies and/or provision of services in the field of Geotechnical Engineering, Engineering Geology, Hydrogeology and Environment.

«Geodomisi's» representative and managing director, **Dr. C. Sachpazis, Civil & Geotechnical Engineer** (BEng (1<sup>st</sup> Class Hons) Civil Eng. UK, Dipl. Geol, M.Sc.Eng UK, Ph.D. NTUA (E.M.Π.), Post-Doc. UK, Gr.m.ICE), has also been listed in the researchers of the **Ministry of Defence** to carry out Studies and Researches on Military Projects concerning «**NATO - FORTIFICATION - TOP SECRET**» (Reg. n. 1947 - F.589.6/76033-S.2092).

## Executed Projects

Our **extensive portfolio** contains **more than 1000 projects**, in the field of Public and Private Sector, all of them **well executed and certified** by the clients. Thus, herein a short “anthology” of our projects is presented. For more details we kindly ask you for a discussion to our dedicated teams providing you with all the details are necessary to you.

## Executed Projects

## Indicative Clients

**Geodomisi Ltd**, has undertaken and worked out plenty of geotechnical engineering, soil and rock mechanics, foundation engineering, engineering geological, environmental and groundwater exploration studies, to various **Public Authorities, Organizations and Institutions** as well as to **various Private Companies, and Private Individuals**, as they are mentioned indicatively below:

### Public Sector

- ✓ Agricultural Bank of Greece / Direction of technical works.
- ✓ Athens 2004 – Athens Olympic Games Institution.
- ✓ Athens Metropolitan Metro Company ATTICA METRO S.A.
- ✓ ATHENS OLYMPIC METRO S.A.
- ✓ Athens Town Planning Authority
- ✓ Authority for Region of Attica (P.E.P.)
- ✓ Authority for Region of Sterea Hellas
- ✓ Authority for Region of Thessaly
- ✓ Community of Ermioni - Peloponnese
- ✓ Community of Handrinou – Mesinia / Peloponnese
- ✓ Community of Kalithea – Mesinia / Peloponnese
- ✓ Community of Kefalinou – Mesinia / Peloponnese
- ✓ Community of Krieza - Evia.
- ✓ Community of Markopoulo-Oropos / Attica
- ✓ Community of Oropos - Attica
- ✓ Community of Svoronata / Cephalonia
- ✓ Council of 9th Territorial Unit of Istiaia town – Evia Island
- ✓ Directions of Technical Services of Prefecture of Achaia.
- ✓ Directions of Technical Services of Prefecture of Cephalonia and Ithaca
- ✓ Directions of Technical Services of Prefecture of Corfu, Heraclion, Chios)
- ✓ Directions of Technical Services of Prefecture of Serres.
- ✓ E.E.C. ENVIREG Ministry of Public Works
- ✓ EGNATIA ODOS S.A. (The highway construction company)
- ✓ ERGOSE S.A.- Subsidiary of the Hellenic Railways Organization (OSE)
- ✓ GEMEE S.A.
- ✓ General Staff of Aviation – YPEPA
- ✓ Greek Aluminium S.A.
- ✓ Greek Bank of Industrial Growth ETBA BANK S.A.
- ✓ Greek Earthquake Planning and Protection Organization (E.P.P.O.)
- ✓ GREEK INSTITUTION OF SOCIAL INSURANCES (I.K.A.) / Direction of Technical Works and Accommodation
- ✓ Greek Organization for Education Buildings
- ✓ Greek Public Power Corporation P.P.C.
- ✓ Greek Public Real Estate Corporation
- ✓ Greek Railway Organization S.A. (O.S.E. S.A.)
- ✓ Greek Service of Political Aviation
- ✓ Highway Department of Ministry of Public Works
- ✓ Ioannina Prefecture Supreme Court
- ✓ Metropolis of Megarida & Salamina
- ✓ Ministry of Aegean Region
- ✓ Ministry of Agriculture / Direction of Geology and Hydrology
- ✓ Ministry of Agriculture / Direction of land improvements
- ✓ Ministry of Agriculture / Direction of Planning and Construction of Technical Works
- ✓ Ministry of Athletics
- ✓ Ministry of Culture
- ✓ Ministry of Defense / General Staff of Army
- ✓ Ministry of Environment
- ✓ Ministry of Health and Providences
- ✓ Ministry of Industry, Energy and Technology (Y.B.E.T.)
- ✓ Ministry of Public Works / D1 Direction
- ✓ Ministry of Public Works / General Direction of Big Highway Projects
- ✓ Ministry of Public Works / General Direction of Town Planning
- ✓ Ministry of Public Works / General Secretariat of Public Works
- ✓ Ministry of Transportation & Communications. Department of Technical Services
- ✓ Municipal Company of Komotini for sewage and Water Supply.
- ✓ Municipal Company of Paros Island for sewage and Water Supply
- ✓ Municipality of Amaliada – Peloponnese
- ✓ Municipality of Andros Island
- ✓ Municipality of Avlona - Attica
- ✓ Municipality of Calymnos Island
- ✓ Municipality of Elefsina - Attica.
- ✓ Municipality of Istiaia - Evia
- ✓ Municipality of Livadia
- ✓ Municipality of Mandra - Attica
- ✓ Municipality of Megara - Attica
- ✓ Municipality of Paiania - Attica
- ✓ Municipality of Palini - Attica
- ✓ Municipality of Piraeus
- ✓ Municipality of Saint Stefanos - Attica
- ✓ Municipality of Skiathos Island
- ✓ Municipality of Spata - Attica.
- ✓ Olympic Airways

## Public Sector

- ✓ Piraeus Prefectoral Fund
- ✓ Prefectoral General Hospital of Preveza
- ✓ Prefecture of Achaia
- ✓ Prefecture of Arcadia
- ✓ Prefecture of Arcadia - Community of Vitina
- ✓ Prefecture of Chalkidiki
- ✓ Prefecture of Cyclades.
- ✓ Prefecture of Drama-Kavala-Xanthi
- ✓ Prefecture of Eastern Attica
- ✓ Prefecture of Etoloacarnania
- ✓ Prefecture of Evia Island
- ✓ Prefecture of Ilia
- ✓ Prefecture of Kavala.
- ✓ Prefecture of Kefallinia and Ithaca - D.T.S.
- ✓ Prefecture of Komotini
- ✓ Prefecture of Lefkada Island
- ✓ Prefecture of Magnesia
- ✓ Prefecture of Samos – Ikaria Islands
- ✓ Prefecture of Serres
- ✓ Serres Prefectoral Fund
- ✓ Service of Port Piraeus (O.L.P.)
- ✓ The Athens Water Supply and Sewerage Company (E.YD.A.P. S.A.)
- ✓ University of Athens – Greece.

## Private Sector

- ✓ Megara District Metropolis
- ✓ Metaleftiki Ltd.
- ✓ METRO SUPER MARKET S.A.
- ✓ Michopoulos N. Architect Engineer Public Works Consultant
- ✓ Mitsios G. S.A.
- ✓ Moniodis N.
- ✓ MPAKAS BROS S.A.
- ✓ Mpakas Quarries Ltd.
- ✓ Nikolaidis K.
- ✓ P.A.TH.E. S.A.
- ✓ PA.OIK.SYN. I.K.A.
- ✓ Paganos Ltd.
- ✓ Panagopoulos A. Civil Engineer Consultant
- ✓ PANTECHNIMA S.A.
- ✓ Panvourliotiki Union Ltd.
- ✓ Papadopoulos I.
- ✓ Papageorgiou S.
- ✓ Papaioanou V. Mechanical Engineer Public Works Consultant
- ✓ Papanastasopoulos K. Civil Engineer Public Works Consultant
- ✓ Patelis N.
- ✓ Pentarakis P.
- ✓ Perakis D. – Tzionas Ltd.
- ✓ PETROLA HELLAS S.A.
- ✓ Petromelidis Bros
- ✓ Petropoulos P.
- ✓ Philipidis Quarries Ltd.
- ✓ Piraeus Municipality Theatre Council
- ✓ PLAKA HOTELS S.A.
- ✓ PREMIX S.A.
- ✓ Profitis Ilias Vilia Monastery
- ✓ Protopapas Ltd.
- ✓ Pylos Tourist S.A.
- ✓ Rodos Prefecture Private Town Planning Council
- ✓ Saint Helen Monastery
- ✓ Saint Nicolas Church Council - Samos
- ✓ Saint Patapios Monestary
- ✓ Samos Marinas S.A.
- ✓ SAMOS PREFECTURE MARINAS ORGANIZATION
- ✓ Sarelakis Bros Ltd.
- ✓ SGB Constructions S.A.
- ✓ Siounas M. Mechanical Engineer Public Works Consultant
- ✓ SOLAB Laboratories
- ✓ Sotiropoulos A.
- ✓ Stabidis S. S.A.
- ✓ Stabolis N.
- ✓ Stamou D.
- ✓ STATHOPOULOS BROS S.A.
- ✓ Stefatos George & Evangelos Ltd.
- ✓ Stratigos S.
- ✓ SUMAR Co. L.T.D.
- ✓ SUMAR Co. L.T.D.
- ✓ SUPER MARKETS Vasilopoulos S.A.
- ✓ Super Markets Veropoulos S.A.
- ✓ Tegos A.
- ✓ TERNA S.A.
- ✓ THEMIS Constructions S.A.
- ✓ Theomitor Monastery
- ✓ TOPIOTECHNIKI Ltd.
- ✓ Tsirakis L. – Chrysikos K. Consortium
- ✓ Tsirakis L. Civil Engineer Consultant
- ✓ Vainalis D.
- ✓ Vasalos S.
- ✓ VESTAS - HELLAS WIND TECHNOLOGY S.A.
- ✓ Vourdis P. & Th. Ltd.
- ✓ X. I. Kalogritsas S.A.
- ✓ Zabelas G. Architect
- ✓ Zouganelis P. S.A.

## Private Sector

- ✓ 9<sup>th</sup> Territory Council of Istiaia Municipality
- ✓ Athanasiadis
- ✓ Karaoglanis, Civil Engineer Contractor
- ✓ Kritzalis S.A.
- ✓ A.G. Petzetakis S.A.
- ✓ Acciona Energiaki S.A.
- ✓ Actor S.A.
- ✓ Aggelopoulos Panagiotis & George
- ✓ Agoudimos Anthi - Marina
- ✓ Akoumia S.A.
